Wedding Hair and Make up Trial

On a convenient date we will arrange to meet for a makeup and, or hair trial. Normally this will be 6-8 weeks prior to your wedding date.

This initial meeting provides an opportunity to discuss looks that will both enhance your natural beauty and one that you will feel comfortable with on your special day.

On Your Wedding Day

Allowing you to enjoy every special moment of your day. We will start in good time so you can just sit back and relax in the knowledge that you are being taken care of by an expert. The finished look will result in perfectly styled hair and makeup that will last through the days festivities.
